

Hi Members

Working bee.

There will be a working bee on the weekend of 4th, 5th July to prepare for the fund raising Training weekend
Our club house and frig need cleaning, all the club house needs a really good dust and wipe over.

Please bring empty spray bottles that we can use for the Covid disinfectant spray bottles eg window cleaner bottles

There is a lot of whippersnipping to do.

I still haven't finished oiling all the cross country jumps.

The showjump course needs sorting for the training weekend

Showjump rails to be filled with filler, undercoated etc.

I will be flagging some xc jumps that need to be jumped in only one direction.

If you can come in and help, even for 2 hours, please do so, if you can bring a whippersnapper, let me know so I can direct you where to go

If committee members can arrange to be there at certain times, they can direct people where and what to do so John and I don't have to be there the whole weekend.

Let me know when you can be there

If you cant be there on those days, ring me and I can often be there on different days. The club house needs a lot of cleaning to the Covid standard and so the club really needs all members to pull their weight and do 2-3 hours for this big working bee to get our club up and running.

Kathy 07 4630 9771, 0407 132 281, or horsevet@tody.com.au

Ross Smith will be having a showjump clinic with private lessons, \$65 for 35 minutes for TJC members \$100 for non TJC EQ members on Thursday 9th Friday 10th July. contact Kathy Humphrey horsevet@tody.com.au to book

Working bee to build the course for Ross and for the Height days Wednesday afternoon at 3 pm. If we get enough people on the weekend of 4th 5th, we can do this then, so please contact me if you can help on the Wednesday so I can ring you if it is already done.

Toowoomba Jump Club Training Weekend

OPEN CROSS COUNTRY TRAINING DAYS Saturday 11th, Sunday 12th July 2020 From 8am to 4pm

Showjumping Height days Saturday 11th and Sunday 12th July

This is fully booked. However we need members to help in office and showjump gate and cross country checking. Please let me know what job you can do. At this stage we have about 50 riders each day so can

afford to have 20 members come each day to help run it.
This will be run with a Covid safe plan as per below

Restrictions on facility access to limit anyone who has: – COVID-19 or has been in direct contact with a known case of COVID-19 in the previous 14 days. – Flu-like symptoms or who is a high health risk (e.g. due to age or preexisting health conditions). – Travelled internationally in the previous 14 days. • Restrictions to essential participants to attend facilities/venues to minimise numbers; - not more than one parent/carer to attend with child/family; - gathering numbers should not exceed government allowances - no other spectators should be present • Any spectators should observe physical distancing requirements (>1.5 metres). • Detailed attendance register to be kept (for 56 days) • Amend training/competition days and times to reduce in-person contact for participants, family members and staff by: - Scheduling time between events/training sessions for all attendees to safely arrive and exit the venue; and staggered arrival and/or departure times for the morning and afternoon cross country groups. Please leave the venue when you have finished riding unless you are helping • Manage venue entries and exits (and separate where possible) to ensure a seamless flow of participants and attendees through the venue and limit the risk of overlap and congestion, subject to maximum attendee number restrictions. • Restrict the use of communal facilities to toilets only where possible, ie. no use of showers & change rooms during Stage 3. • Physical distancing protocols including line markings, bollards, use of zones use and physical distancing indicators shall be used in: - Club rooms, sheds

GOOD NEWS

Both our club and TDI have managed to be allocated a \$2000 grant . I applied for the grant last month so we are all very excited to have “won” \$2000 towards the cost of ground and facility improvement.

NOMINATE SCORING WORKSHOP
10am, 4 JULY 2020
SPORTS HOUSE MILTON

An opportunity for clubs and event organisers to learn how to setup the Scoreboard scoring system to ensure your event runs more efficiently.

Dressage & Showjumping Height day Sat 8th August trial Sunday 9th August

**Hunter
2020**

This will be run with a Covid safe plan. And numbers will be restricted to the number allowed for groups as of August. There will be different areas of the showgrounds used for dressage and showjumping if required.

Enter on nominate including for the Height showjumping on Saturday

Some people have been asking what the “Chicken “ in the Chicken Run implies.

We run these ODE type events so that people can use them as a training run or a confidence booster. Each

cross country jump is open flagged ie you can choose to jump the 1 star height down to the 60 cm height. Therefore you may choose to jump the 80 cm height for fence 1 , 95cm height for the water, then the 60 cm height for the ditch.(Chicken choice !) If you have 3 refusals , you are asked by the fence steward to move onto the next fence.You are eliminated but can finish doing the whole course, however we suggest you keep to the lower end of the jump scale. If you have a fall you will need to be checked by the ambulance before you ride again.

Hope that explains it all. It is our main fund raiser for the year so we can continue to upgrade our course our equipment and our facilities. Enter on nominate.

Saturday 8th August

FREE COACHING WITH GEMMA CREIGHTON

FREE COACHING On Saturday morning during the showjumping there will be free coaching provided by an EQ coach, Gemma Creighton. The coach will take groups around the showjump course, at the 60 and 80 cm height show them how to walk a course, count and measure strides etc. She will then watch each rider ride one round and critique them when they finish. She will take a group around the cross country and show them how to count strides and how to approach different fence up to 95cm level .Please indicate on your entry form if you want the free coaching

Body protectors are compulsory for Cross-Country. A body protector manufactured after 2009 and labelled as complying with one of the following standards is mandatory effective January 1st 2020. EN13158:2009 level 3 BETA 2009 Level 3 EN13158:2018 level 3 BETA 2018 Level 3

PROTECTIVE HEADGEAR RULE NO.1 The use of properly fastened Protective Headgear is mandatory while riding on the showgrounds (article 140.1 FEI General regulations).

While riding anywhere on the show grounds, the use of a properly fastened Protective Headgear is mandatory.

Please take note of the above. It is extremely dangerous and against club rules to be riding on the cross country without a helmet and a back protector.

If you wish to train on the xc, please ring me, Kathy Humphrey 07 4630 9771, 0407 132 281 to check it is ok, then you MUST ring Damon at the showground (on a weekday),46347400 so that he knows you have permission to be there. If you go there and are training and other people are there, please get their names as our club is sick of non TJC members trashing the course.

If Damon knows you have permission to be there, he knows he doesn't have to ask you to leave.

Cross Country Closures

The cross country is CLOSED from 3rd July to prepare it for the July 11th 12th training weekend

It will also be closed from 30th July to 10th August to prepare course for the Chicken run and to aerovate the grounds.

The Country will also be closed 18th 19th July 2020 for an Interschool Clinic.

Thanks to Jo Williams who will be organizing the aerovating. Please ring her if you have a couple of hours to spend on the aerovator, its like driving a sit on mower, not too difficult
